Locker Privilege: We understand that the use of a locker is a privilege and convenience to be used during the school day. As a student, I will remove all books and valuables from my locker each day when I leave school to protect them from theft or vandalism. I will not share my locker with other students. All textbooks and personal items must be cleaned out of your locker at the end of the year. Failure to do so, will result in revoking your locker privilege for the following school year.

Lost or Stolen Items: In consideration for providing an assigned locker, **we agree that Chula Vista High School is NOT responsible** for any article lost or stolen from the locker and that it is our responsibility to replace such article(s), including school issued books, supplies and uniforms.

Use of Proper Locks: Additionally, **we agree to use only a proper dial combination lock (Master lock recommended), and record the combination with the ASB office.** Key locks and small dial combination locks are not allowed. The ASB Office will be notified immediately upon changing any lock or combination. Failure to do so will result in having the lock cut off and loss of locker privileges for the remainder of the school year.

Cutting Off Locks: We understand that if a student is using a locker not assigned to him/her, the lock will be cut off **immediately** if requested by the authorized occupant of the locker. Textbooks will be taken to the library and other items to the ASB.

Locker problems/maintenance will be handled after school ONLY.

Use of Hall Pass: We understand that no hall passes will be issued for the purpose of going to lockers for any reason. It is the responsibility of students to come to class prepared and on time.

Privacy: Furthermore, we understand and voluntarily relinquish any expectation to a right to privacy. **We knowingly and voluntarily consent to locker inspection by the school administration at any time and without notice. Chula Vista High School will also have drug detecting dogs on campus throughout the year to help monitor lockers.**

Damaged Lockers and Trash: We further agree that it is our responsibility to repair any damage caused by the student to the assigned locker and our failure to do so will result in forfeiture of the locker. Trash left in the locker area and attributable to a specific student will also be just cause for removal of locker privileges.

Campus Safety and Security: We agree to all terms of this agreement and understand that the purpose of this agreement is to provide for the safety of students and staff and protection of both student's and school district property.

We understand that excessive tardies to school and to class will result in the loss of locker privileges.
